

## Internship Program

Are you a college student looking for an internship program?

Larsen's Landscaping is offering internships for Horticulture/Landscape Students in Mason County. Come work outdoors and learn from professionals with over 20 years in the Landscape business. Interning at Larsen's Landscaping gives you an opportunity to learn on the job, earn money for school and still have time to enjoy the beaches, parks and the many events in Ludington.

### Overview

This is a hands-on seasonal internship hourly position. Typical schedule is Monday thru Friday, hours vary depending on what job responsibilities are being performed. Internship will consist of a 12-week program rotating through different field aspects of the landscaping business. The candidate will expect to gain experience in operational procedures, leadership, as well as in field experiences.
