

EMPLOYEE BENEFIT SUMMARY - ADMINISTRATIVE FULL-TIME

Health Insurance

The College offers three High Deductible Health Plan (HDHP) designs to choose from. All plan designs offer the same level of hospital, surgical, medical, and prescription coverage. Annual deductibles vary between plans and in return, plans with higher deductibles and coinsurance have lower per-pay costs.

- Once the deductible is met, you pay the coinsurance amount for non-preventative services. Federally mandated preventive services are paid at 100% under all health plans.
- Pharmacy benefits are included in the health plans. After the deductible is met, you are required to pay a copay when you buy prescription drugs based on the level of the drug.
- HDHP plans are paired with a Health Savings Account (HSA), a pre-tax savings account that can be used to pay for current and future qualified medical, dental, prescription, and vision expenses. If the annual cost of the health plan is lower than the State of Michigan Hard Cap, the college will contribute the difference into your HSA.
