INDEPENDENT AUDITORS' COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

November 9, 2021

Board of Trustees
West Shore Community College
Scottville, Michigan

We have audited the financial statements of the business-type activities and the discretely presented component unit of the West Shore Community College (the “College”) as of and for the year ended June 30, 2021, and have issued our report thereon dated November 9, 2021. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 17, 2021, our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the College solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our audit procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).
As part of obtaining reasonable assurance about whether the College’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with Uniform Guidance 2 CFR200, we examined, on a test basis, evidence about the College’s compliance with the types of compliance requirements described in the Uniform Guidance Compliance Supplement applicable to each of its major federal programs for the purpose of expressing an opinion on the College’s compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the College’s compliance with those requirements. We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our findings regarding internal control over financial reporting and compliance noted during our audit in a separate letter to you dated November 9, 2021.

**Planned Scope and Timing of the Audit**

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter and in our professional services plan dated May 17, 2021.

**Compliance with All Ethics Requirements Regarding Independence**

The engagement team, others in our firm, as appropriate, and our firm has complied with all relevant ethical requirements regarding independence.

**Qualitative Aspects of the College’s Significant Accounting Practices**

**Significant Accounting Policies**

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the College is included in Note 2 to the financial statements.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

**Significant Accounting Estimates**

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management’s current judgments.
The most sensitive accounting estimates affecting the financial statements were:

- Management’s estimate of the useful lives of depreciable capital assets is based on the length of time it is believed that those assets will provide some economic benefit in the future.

- Management’s estimate of the accrued compensated absences is based on current hourly rates and policies regarding payment of sick and vacation banks.

- Management’s estimate of the allowance for doubtful student accounts receivables and property tax receivables is based on past experience and future expectation for collection of various account balances.

- Management’s estimate of the scholarship allowance is based on an allocation of Federal Aid received and used for tuition.

We evaluated the key factors and assumptions used to develop these estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole. In addition, the financial statements include a net pension liability, a net other postemployment benefits liability, other pension and other postemployment benefits-related amounts, which are dependent on estimates made by the Plan. These estimates are based on historical trends and industry standards, but are not within the control of management.

**Significant Difficulties Encountered During the Audit**

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

**Uncorrected and Corrected Misstatements**

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures.

None of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

**Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the College’s financial statements or the auditors’ report. No such disagreements arose during the course of the audit.
Representations Requested from Management

We have requested certain written representations from management, which are included in Attachment B to this letter.

Management’s Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the College, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the College’s auditors.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for the supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole. We made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Upcoming Changes in Accounting Standards

Generally accepted accounting principles (GAAP) are continually changing in order to promote the usability and enhance the applicability of information included in external financial reporting. While it would not be practical to include an in-depth discussion of every upcoming change in professional standards, Attachment A to this letter contains a brief overview of recent pronouncements of the Governmental Accounting Standards Board (GASB) and their related effective dates. Management is responsible for reviewing these standards, determining their applicability, and implementing them in future accounting periods.
This information is intended solely for the use of the governing body and management of West Shore Community College and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

The following pronouncements of the Governmental Accounting Standards Board (GASB) have been released recently and may be applicable to the College in the near future. We encourage management to review the following information and determine which standard(s) may be applicable to the College. For the complete text of these and other GASB standards, visit www.gasb.org and click on the “Standards & Guidance” tab. If you have questions regarding the applicability, timing, or implementation approach for any of these standards, please contact your audit team.

**GASB 87 ▶ Leases**  
*Effective 06/15/2022 (your FY 2022)*

This standard establishes a single model for reporting all leases (including those previously classified as operating and capital). Lessees will now report offsetting intangible lease assets and lease liabilities equal to the present value of future lease payments. Lessors will report offsetting lease receivables and deferred inflows of resources.

**GASB 89 ▶ Accounting for Interest Cost Incurred before the End of a Construction Period**  
*Effective 12/15/2021 (your FY 2022)*

This standard eliminates the requirement for governments to capitalize interest during the construction period for business-type activities. As this simplifies the accounting for interest, early implementation is encouraged. We do not expect this standard to have any significant effect on the College.

**GASB 91 ▶ Conduit Debt Obligations**  
*Effective 12/15/2022 (your FY 2023)*

This standard defines "conduit debt obligations", where a government issues debt whose proceeds are received and repaid by a third-party obligor without the issuer being primarily liable. The standard requires issuers to disclose conduit debt obligations, but not to record a liability unless it is more likely than not that a commitment made by the issuer will require it to support one or more debt payments for a conduit debt obligation. We do not expect this standard to have any significant effect on the College.

**GASB 92 ▶ Omnibus 2020**  
*Effective 06/15/2022 (your FY 2022)*

This standard includes a variety of small technical revisions to previously issued GASB statements. We do not expect this standard to have any significant effect on the College.
ATTACHMENT A – UPCOMING CHANGES IN ACCOUNTING STANDARDS / REGULATIONS

For the June 30, 2021 Audit

GASB 93 ■ Replacement of Interbank Offered Rates
Effective 06/15/2022 (your FY 2022)

This standard provides guidance to governments with agreements with variable payments tied to LIBOR, and how to transition them to a new reference rate. We do not expect this standard to have any significant effect on the College.

GASB 94 ■ Public-Private and Public-Public Partnerships and Availability Payment Arrangements
Effective 06/15/2023 (your FY 2023)

This standard addresses accounting and financial reporting for arrangements in which a government contracts with an operator to provide public services by conveying control of the right to operate or use a capital asset for a period of time in an exchange or exchange-like transaction. We do not expect this standard to have any significant effect on the College.

GASB 96 ■ Subscription-Based Information Technology Arrangements
Effective 06/15/2023 (your FY 2023)

This standard expands on the new guidance for leases and applies it to computer software contracts (subscriptions) with similar characteristics. Governments that subscribe to a vendor’s IT software will now report offsetting intangible subscription assets and subscription liabilities equal to the present value of future subscription payments.

GASB 97 ■ Certain Component Unit Criteria and IRC Section 457 Deferred Compensation Plans
Effective 06/15/2022 (your FY 2022)

This standard amends the requirements for when to report defined contribution pension plans (such as 401k and 403b plans) as fiduciary component units, and how to account for Section 457 deferred compensation plans.

This representation letter is provided in connection with your audit of the financial statements of the business-type activities and the discretely presented component unit of West Shore Community College (the “College”), as of and for the years ended June 30, 2021 and 2020 and the related notes to the financial statements, for the purpose of expressing opinions on whether the basic financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows, where applicable, of the College in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

7. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

8. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP. For the purposes of this letter, related parties mean members of the governing body; board members; administrative officials; immediate families of administrative officials, board members, and members of the governing body; and any companies affiliated with or owned by such individuals.

9. All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.

21. We are responsible for the fair presentation of the College’s proportionate share of the net pension liability and the net other postemployment benefits liability of the Michigan Public School Employees Retirement System (MPSERS) and related amounts. We provided MPSERS with complete and accurate information regarding the College’s participation in the plan, and have reviewed the information provided by MPSERS for inclusion in the College’s financial statements.

22. The outbreak of a novel coronavirus (COVID-19), which the World Health Organization declared in March 2020 to be a pandemic, continues to spread throughout the United States of America and the globe. Due to the pandemic Michigan's Governor issued temporary Executive Orders that, among other stipulations, effectively prohibit certain in-person activities while requiring numerous safety measures and protocols to be met in order to resume in person learning, having the effect of suspending or severely curtailing certain operations including on-campus learning. The extent of the ultimate impact of the pandemic on the College's operational and financial performance continues to depend on various developments, including the duration and spread of the outbreak, and its impact on students, employees, and vendors, all of which cannot be reasonably predicted at this time. In response to the pandemic, the College has been awarded Higher Education Emergency Relief Funds totaling $2,276,616 cumulatively through 2021 from the Coronavirus Aid, Relief and Economic Security Act, the Coronavirus Response and Relief and Supplemental Appropriations Act, and American Rescue Plan Act. The College recognized revenue from these awards of $982,259 and $160,658 during 2021 and 2020, respectively. The College was additionally awarded funding in the amount of $289,800 during fiscal year 2021 through the Coronavirus Relief Fund, passed through the State of Michigan. While management reasonably expects the COVID-19 outbreak to negatively impact the College’s financial condition, operating results, and timing and amounts of cash flows, the related financial consequences and duration are highly uncertain.
