

Blarney Castle
OIL & PROPANE

Awesome Information Technology Pros Keep Reading!

If your purpose in life is to be a key go-to in a complex IT environment, let's talk today!

Your role is being a lifeline to our IT environment for all things technology, including enterprise applications, personal computers, user security, POS systems, networks, and associated peripherals, from the home office in Bear Lake throughout over 150 convenience stores and other locations in the great state of Michigan. You'll help drive technology improvement through all activities and enable both your teammates and the organization be better. Your role is a hybrid of support and project opportunities, and would benefit from your talents for organization, prioritization, and sense of ownership. As you probably know, it's all about taking the bull by the horns in understanding a problem or opportunity, then developing and implementing the best solution.

You can expect to perform this role primarily at the Blarney Castle home office in Bear Lake, Michigan, but also sometimes at other locations throughout Michigan, including your home. It's important that you have reliable transportation, a valid driver's license, and proof of insurance.

Your Skills You need to have at least a high school diploma or GED and related IT experience, plus maybe some university credits or a degree. It would be helpful to have experience in a business environment and/or convenience store or retail operations. You need to be able to ascend/descend stepladders, reach, lift up to 25 pounds, and work under desks or shelves. You'll also need to demonstrate your ability to communicate effectively across business functions, often with non-technical teammates, and to work independently as well as part of a team. Great technology skills are critical, as well as that sense of drive and purpose that comes with an awesome IT pro!
